

Song Request List

Venmo @OCXBand

Thanks for hanging out!

You're welcome to make some requests! Here's some stuff I know about the show.

*Let's have fun. I don't know everything so DBAA if I don't know your song. I'm not learning pink pony club no matter how much you whine.

*Tips aren't required but neither is me playing your request. It's a mutual respect thing.

*If you're really cool and want to check out my band OCX The Optimistic Cynics I'd really appreciate you giving us a spin! [Check out the band's album here!](#)
